

“THE MOST IMPORTANT BOOK WE’VE SEEN ON REBUILDING YOUR CREDIT AFTER BANKRUPTCY.”

-- Ken and Daria Dolan, former CBS This Morning Money Editors and hosts of THE DOLANS on the WOR Radio Network

Dear Friend,

You made the right decision when you declared bankruptcy. Now, you can start to rebuild your credit and reclaim your right to financial security. For less than the price of half a tank of gas, this book will show you how to get back on track.

The road may not always be smooth. Creditors may try to use your past misfortune to make you feel guilty so they can line their pockets. Many will try to charge you higher interest -- or deny you credit completely. Luckily, there are strategies you can use to get back on your financial feet and avoid getting taken advantage of.

Are You Ready For a Fresh Start, Financially?

This book is guaranteed to help you get back on track -- for good!

What Others Are Saying About This Groundbreaking Book...

I have read your book twice and constantly refer back to it for specific topics. I filed a chapter 13. Today my credit reports are up to date. I have two credit cards; I have no credit card bills. I have over \$11,000 in savings. I used the goal-setting chapter and yesterday we became approved for a mortgage, less than 1 year after my discharge papers were granted. Can you believe it? It's all true. — *Lydia*

"This book saved my sanity! Having recently filed for bankruptcy, I've been constantly worried about re-building my credit, buying a home, even looking for a job. Ms. Ryan provides step-by-step advice on how to obtain and correct your credit reports, re-establish your credit, and get out of debt for good. The chapter on secured credit cards alone is worth the cost of the book. If you're even considering bankruptcy, buy this book—you won't regret it." -- *John*
